OBJECTIVE

Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of company.

EDUCATION

Rajeev Gandhi Memorial college of engineering and technology, Nandyal, 2021-2025
Bachelor of Technology, CGPA : 6.88

SARATH JUNIOR COLLEGE, hyderabad, percentage : 76 2021
A.V.R EM HIGH SCHOOL, badvel, CGPA : 8.8 2019

SKILLS

Technical Skills	C, Java, Machine learning, Deep learning, SQL, HTML(basic), R, python, javascript(basic)
Soft Skills	Ability to work in team, problem Solving, Communication Skills, Quick Learner, Creativity
Tools	github, Linux, Windows
Languages	English, Telugu, Hindi, French(Basic)

CERTIFICATIONS

- I Completed short term internship titled " MACHINE LEARNING" under Skilldzone.
- 5- star on Hacker Rank in c, Java, sql.
- Certified in Internet of Things by NPTEL.
- Certified in AI-ML Virtual internship by EDU Skills.
- Certified in Big Data, Hadoop by EDX.

PROJECTS

Sentiment Analysis on ChatBot: Built by a project that evaluates your customers' interactions with your chatbot by using python language. ([Try it here](#))

Number Guessing Game: This game is about creating an interactive game that will display scores and a person has to guess the number by using python language.

– There will be hints displayed every time the user guesses a wrong number. The objective of creating this project is to challenge our brains and add some fun while learning. ([Try it here](#))

HOBBIES

- Travelling • Playing sports

INTERSHIP

- Intern, Artificial Intelligence Technoook, march 2024 – apr 2024

Assisted in developing and testing machine learning models to enhance predictive analytics capabilities. Collaborated with senior data scientists to analyze large datasets, improving algorithm accuracy by 15%. Contributed to the optimization of AI-driven solutions, resulting in a 20% improvement in model performance. Participated in team meetings and provided insights on emerging trends in artificial intelligence.
